

**News from the farm:** We had one inch of snow on Tuesday morning. We've had some cold nights but not cold enough to damage our broccoli, turnips, or kale.

New items this week are organic and non-organic Gold Rush apples.

Our veggies this week are Brussels sprouts, broccoli, cauliflower, parsnips, salsify, tomatoes, leeks, onions, garlic, shallots, cucumbers, sweet potatoes, Yukon, red, and fingerling potatoes, celeriac, radishes, carrots, red and gold beets, sweet white and purple top turnips, rutabagas, and several varieties of winter squash; golden and blue hubbard, acorn, butternut, spaghetti, Delicata, sweet dumpling, Red Kabocha, & red kuri.

For fruits we offer you cranberries, tangerines, grapefruits, navel oranges, Bosc pears, and a large selection of apples including Cameo, Granny Smith, Red and Golden Delicious, Gala, Stayman, Jonathan, Jonagold, Fuji, York, Pink Lady, Gold Rush, and Mutsu. We will also have cider.

Our herbs include parsley, lemon grass, dill, cilantro, turmeric, and rosemary. We also have fresh ginger.

Mushroom varieties are portabella, crimini, shiitake, and white.

The salad greens are bok choy, red chard, kale, arugula, and spinach.

We also have pasture raised poultry, all-natural duck and chicken eggs, cheese, maple syrup, honey, canned peaches, ketchup, chow chow, and jams.

We are open from 9 AM-1 PM, on Saturdays, and are located next to the Garrett Park Post Office.

See you tomorrow,

**Tim & Linda Derstine**
